DETAILED ACTION

1. The information disclosure statements (IDS) submitted on January 29, 2007, February 20, 2007, and March 16, 2007, have been considered by the examiner.
2. The information disclosure statement filed on February 1, 2007, has been removed from consideration because it is a duplicate of the IDS submitted on January 29, 2007.

Reasons for Allowance

3. The following is an examiner's statement of reasons for allowance:

Regarding independent claims 101, 113, 124, and 136, none of the references, either singularly or in combination, teach or suggest to a person of ordinary skill in the art at the time of the invention the features, the multidimensional space for navigating the data that has been encoded and amended. The examiner notes that while electronically publishing multiple versions of text-based data is not a novel feature (See Examiner and Applicant Referenced Patents and Non-patent Literature), but in combination with the other limitations of the method steps and system functions of the independent claim (i.e. the multidimensional space for navigating the data that has been encoded and amended) the limitations of claims 101, 113, 124, and 136 are considered novel, and unobvious to a person of ordinary skill in the art at the time the invention was made in view of the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
